MARINE ELECTRONICS GREASE

*Premium Dielectric Grease
Protects Valuable Marine
Electronics from Corrosion*

- SEALS, PROTECTS and INSULATES electrical contacts from moisture
- LUBRICATES and SEALS rubber and plastic parts - including O-rings
- WATERPROOFS contacts and components to protect against arcing
- IMPROVES electrical performance during adverse conditions such as rain, fog and salt spray

Use on:

Electrical Connectors and Contacts, Light Bulbs & Sockets, Breakers, Electrical Panels, Shore Power Inlets, Trailer Connectors, Bulkhead Connectors, Battery Terminals, Spark Plugs and more

Usage: Shut off power supply and allow hot surfaces to cool. Clean connectors and contacts with CRC Marine QD Electronic Cleaner. Attach precision trigger applicator and squeeze to dispense Electronics Grease. Liberally coat areas requiring lubrication or protection. See product label for warnings and complete instructions.
