

CRC TECHNICIAN GRADE DIELECTRIC GREASE

Convenience and performance with the Select-a-BEAD® Nozzle.

Just turn the dial to choose the perfect bead width for your project, ensuring precision and ease every time. This unique, non-curing compound is your solution for sealing, protecting, and electrical insulating. Experience enhanced electrical performance by reducing arcing and voltage drop, making it ideal for all your electrical needs. Plus, it's perfect for lubricating plastic and rubber, ensuring smooth operation and longevity.

USE ON

- ▲ Contacts and Electrical Connections
- ▲ Battery Terminals & Spark Plug Boots
- ▲ Trailer Connectors
- ▲ Circuit Breakers
- ▲ Lubrication of Plastic, Rubber Parts & O-Rings
- ▲ HEI Distributor

- ▲ Effortlessly choose the perfect bead width for your project with the Select-a-BEAD® Nozzle
- ▲ Patented Finger-Actuated Delivery System: Ensures smooth, continuous coverage with every use
- ▲ Reduces arcing and voltage drop for optimal electrical efficiency
- ▲ Ideal for lubricating plastic and rubber, ensuring smooth operation and longevity
- ▲ Weather Resistant: Delivers outstanding performance in any weather condition.
- ▲ Wide temperature range: -70°F to 400°F (-57°C to 204°C)
