# CRC Contact Cleaner 2000® Precision Cleaner

## Precision cleaning without compromise.

CRC Contact Cleaner 2000® is the smart alternative to cleaners when sensitive plastics are not a concern. This high-performance precision cleaner evaporates quickly, leaves no residue, and contains no Class I or Class II ozone-depleting chemicals—making it an environmentally responsible choice. With no flash point, Contact Cleaner 2000® delivers efficient cleaning for electrical contacts and components, ensuring peak performance.

### Features & Benefits:

- **Protects equipment performance:** Residue-free formula prevents contamination and ensures optimal conductivity.
- **Quick turnaround:** Fast evaporation means less waiting and more productivity.
- **Reliable for precision applications:** Perfect for electrical contacts, switches, and components.
- **No flash point.**
- **NSF H2 Registered:** For use in meat and poultry plants.

### Use On:

- Telephones
- PCs
- Relays
- Edge Connectors
- Tape Heads
- Busbars
- Circuits
- Contacts
- Printed Circuit Boards
- Switches
- Breakers
- Not recommended for use on Lexan®, Noryl®, or Polycarbonate-Type Plastics
