

THE CRC SMARTWASHER[®] KITS A SMARTER & SAFER SOLUTION

Each SmartWasher[®] kit is designed to give you a seamless, turnkey start by including everything you need right out of the box—the SmartWasher[®] unit itself along with the essential OzzyJuice[®] degreasing solution and OzzyMat[®] microbial activation filter. This all-in-one approach not only saves you time and effort but also ensures that you're using the precise products engineered for maximum cleaning efficiency and environmental safety.

AN EASY & EFFECTIVE 3-STEP SOLUTION

- 

1 The SmartWasher[®]
 A high-quality, durable Parts Washer that heats the OzzyJuice[®] fluid and allows for the process of bioremediation to take place. Designed specifically for heavy duty applications, with the flexibility to suit almost any working environment.

- 

2 The OzzyJuice[®]
 A water-based, industrial strength, pH neutral, non-corrosive, non-flammable, cleaning fluid for use in the CRC SmartWasher[®] system. The advanced OzzyJuice[®] formula cleans as well, if not better, than traditional solvent technologies. All OzzyJuice[®] solutions are NSF A1 Registered.

- 

3 The OzzyMat[®]
 A revolutionary, Multi-Layer Filter Mat that not only traps particulates, but most importantly contains the advanced Microbes that will fall into the OzzyJuice[®] solution as it passes through. The microbes then get to work breaking down oil and grease which cleans the fluid so it can be re-used over and over again.

WHY THE CRC SMARTWASHER[®]?

-  Bioremediation Technology
-  Powerful Cleaning Performance
-  No Hazardous Waste Generation
-  Safer for the Environment
Reduces harmful waste
-  Self-Cleaning
-  Non-Flammable
-  Safer For Employees
No contact with traditional solvents
-  Technical Service Excellence
-  Lower Operating Cost

Select the SmartWasher[®] unit and the OzzyJuice[®] solution type based on your cleaning needs.

CHOOSE YOUR SMARTWASHER[®] UNIT

<p>SW-23 Mobile Parts Washer Load Capacity: 400 lbs.</p>	<p>SW-28 SuperSink Parts Washer Load Capacity: 500 lbs.</p>	<p>SW-37 Mobile Heavyweight Load Capacity: 1000 lbs.</p>
<p>Best for: Shops that need a portable, general-purpose parts and brake cleaning system with mobility.</p>	<p>Best for: Technicians who need a larger, more stationary workstation for frequent parts cleaning.</p>	<p>Best for: Industrial or automotive operations requiring heavy-duty cleaning of larger components, with mobility still being important.</p>

CHOOSE YOUR OZZYJUICE[®]

<p>OzzyJuice[®] SW-X1 High Performance Degreasing Solution</p>	<p>OzzyJuice[®] SW-3 Truck Grade Degreasing Solution</p>	<p>OzzyJuice[®] SW-4 Heavy Duty Degreasing Solution</p>	<p>OzzyJuice[®] SW-8 Aircraft, Weapons and Select Metal Degreasing Solution</p>	<p>OzzyJuice[®] SW-7 Parts/Brake Cleaning Solution</p>
<p>Best for: Heavy-duty, high-heat and impacted contaminants.</p>	<p>Best for: Transportation, truck shops, and heavy equipment where grease loads are high.</p>	<p>Best for: High-demand environments and the toughest of industrial contaminants.</p>	<p>Best for: Environments requiring strict metal safety and corrosion control.</p>	<p>Best for: Heavy industrial soils, engine components, resins, plastics.</p>
