

INDUSTRIAL

CRC Red Grease

Built for performance under pressure.

This premium lubricant is engineered to withstand extreme temperatures and heavy loads, delivering superior protection where it matters most. Its vibrant red color makes visual inspection effortless, ensuring complete coverage and peace of mind during maintenance. With exceptional staying power and resistance to water washout, CRC Red Grease keeps your equipment running longer, reducing downtime and maximizing productivity.

Features & Benefits:

- **Reliable Under Harsh Conditions:** Maintains performance in extreme environments, including exposure to moisture and chemicals.
- **Tenacious Film:** Penetrates deep and forms a long-lasting, thick protective layer.
- **Chemical Resistance:** Resistant to acids, alkalis, salt, oxidation, weather, and steam, yet plastic safe.
- **Maintenance Efficiency:** Red color ensures quick confirmation of coverage, reducing guesswork.
- **Working Temperature Range:** -25°F to 300°F.

Use On:

- Bearings
- Pillow Blocks
- U-Joints
- Heavy Equip
- 5th Wheels
- Electrical Motor Shafts
- Roller Chain
- Pulley
- Hinges
- Latches
- Overhead Door Track
- Open Gears
- Chains
- Cables
- Slide Conveyors
- Guide Rails
- Cams
- Pistons
- Machinery
- Tools
- Equipment
