

INDUSTRIAL

CRC Driller Red Grease EP

Built for the toughest jobs.

Engineered with a “tacky” stay-in-place formula that ensures superior protection during conversion break-in and beyond. Its distinctive red color makes application and inspection effortless, while outstanding water resistance keeps equipment running smoothly in wet environments. Ideal for severe-duty automotive, trucking, industrial, mining, and construction applications. Driller Red Grease is your go-to solution for reducing downtime and maximizing equipment life.

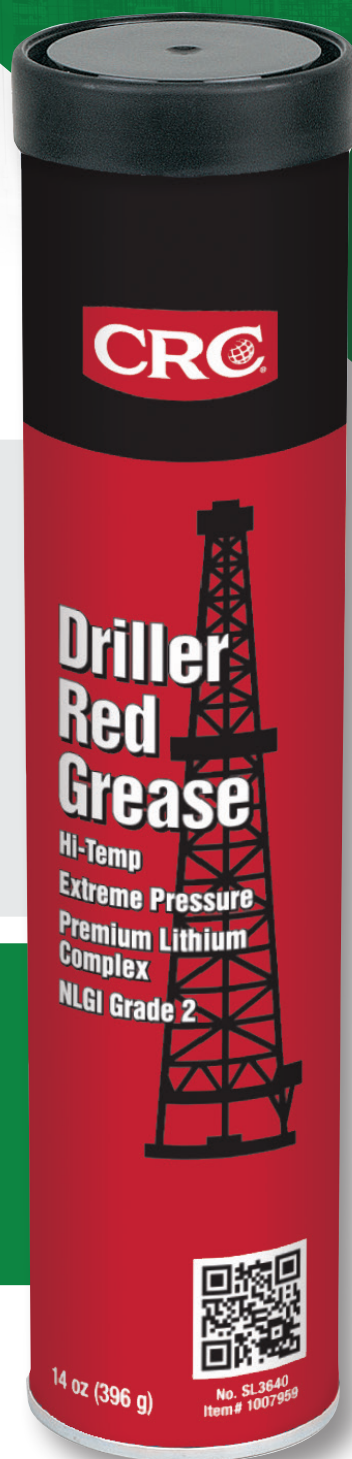

Features & Benefits:

- **“Tacky” stay-in-place formula:** Prevents grease from migrating, perfect for drilling applications.
- **Distinctive red color:** Easy to identify during and after lubrication.
- **Minimizes downtime:** by protecting equipment in harsh, wet conditions (wash-out <3%).
- **Improves reliability:** during heavy-duty drilling and industrial operations. =
- **NLGI #2 consistency:** Suitable for a wide range of severe-duty applications.
- **Timken load rating of 80 lbs:** Ensures superior load-carrying capability.
- **Working Temperature Range:** -10°F to 400°F

Use On:

- Drilling and Mining Applications
- Backing Plates
- Construction Ball & Roller Bearings
- Idler Bearings
- Industrial Applications
- Pillow Block Bearings
- Sprocket Bearings
- U-Joints
- Water Pumps
