

INDUSTRIAL

CRC Lectra Clean® HD Electrical Parts Degreaser

When energized electrical equipment needs deep cleaning.

Engineered for heavy-duty performance, it blasts away grease, oil, and contaminants to restore peak operating efficiency—without shutting down your systems. This powerful formula evaporates quickly, leaves no residue, and has no flash or fire point, making it safer for use where energy or residual power exists during cleaning. Designed for critical electrical maintenance, CRC Lectra Clean® HD keeps your equipment running cleaner, safer, and longer.equipment life.

Features & Benefits:

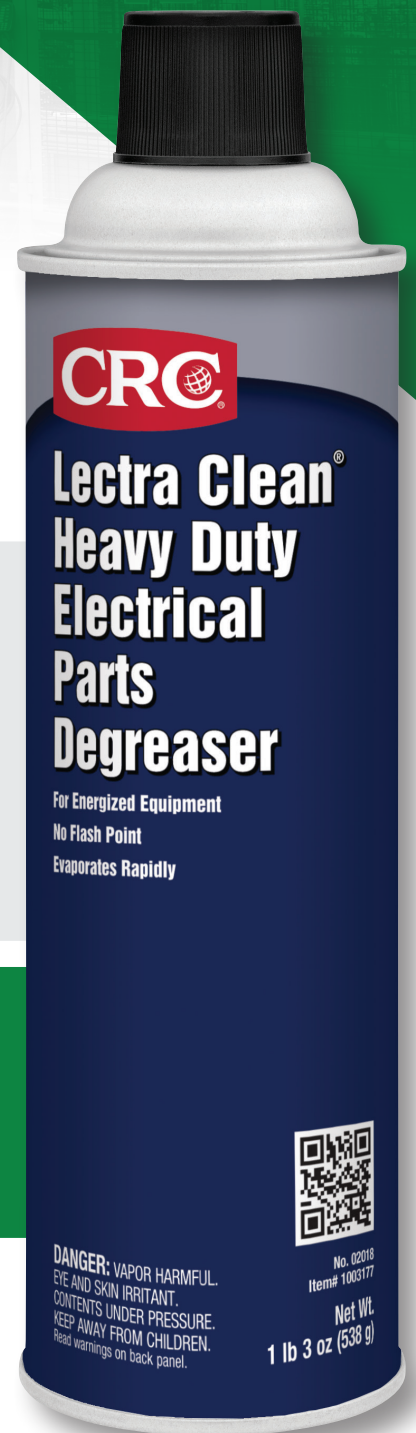

- **Improves Operating Efficiency:** Eliminates contaminants that cause overheating and electrical faults.
- **Reduces Downtime:** Allows cleaning without shutting down equipment.
- **Enhances Safety:** No flash point means safer use in critical environments.
- **Protects Equipment Integrity:** Prevents corrosion and damage to electrical parts.
- **Designed for Electrical Maintenance:** Specifically labeled for energized equipment cleaning.

Use On:

- Energized Electrical Equipment
Such as Armatures
- Electric Motors
- Generators
- Compressors
- Relays
- Electric Panels
