CRC QD® Contact Cleaner

Clean with confidence.

When sensitive electronics demand precision care, CRC QD® Contact Cleaner delivers. This fast-evaporating formula removes dirt, dust, and contaminants without leaving residue—keeping your components clean and functioning. Plastic safe and NSF K2 Registered, it's the ideal solution for electrical contacts, circuit boards, and delicate equipment. Perfect for environments where lower flashpoint cleaners are acceptable, CRC QD® Contact Cleaner ensures reliability without compromise.

Features & Benefits:

- **Effective Cleaning Power:** Removes dirt, dust, light oils, carbon deposits, and other contaminants.
- **Improves Equipment Reliability:** Reduces contaminants that may cause corrosion, arcing, and intermittent connections.
- **Quick-Drying & Residue-Free:** Saves time—evaporates rapidly without leaving any residue.
- **Non-Conductive & Non-Corrosive:** Chemically stable and safe for electrical systems when de-energized.
- **NSF K2 Registered:** Approved for use in meat and poultry plants.

Use On:

- Telephones
- PCs
- Relays
- Edge Connectors
- Tape Heads
- Busbars
- Circuits
- Contacts
- Printed Circuit Boards
- Switches
- Breakers
