

CRC HEAVY DUTY CLEAR PENETRATING GREASE

Engineered for Extremes: Lubrication from -30°F to 500°F.

When performance matters most, CRC Heavy Duty Clear Penetrating Grease is your go-to solution for long-lasting, high-strength lubrication. This high-tack, clear gel formula is engineered to stay put—resisting throw-off, water wash-out, and extreme pressure—so your equipment keeps running smoothly in even the harshest environments. With an impressive operating range from -30°F to 500°F, it's built to perform in freezing cold, blistering heat, and everything in between.

USE ON

- ▲ Gears
- ▲ Slides
- ▲ Pistons
- ▲ Seals
- ▲ Sprockets
- ▲ Bearings
- ▲ Valves, and much more!

- ▲ **High Adhesive Strength:** Won't fling off or wash away.
- ▲ **Wide Temperature Range:** Reliable from -30°F to 500°F.
- ▲ **Clear Gel Formula:** Clean, visible application.
- ▲ **Heavy Duty Protection:** Withstands pressure and harsh conditions.
- ▲ **Versatile Use:** Ideal for industrial, automotive, and marine applications.
- ▲ **Sprays Out Like a Clear Penetrating oil:** Allows it to creep into tight areas – sets up into a tacky gel lubricant.
