## CRC QD® Contact Cleaner

### Clean with confidence.

When your equipment faces harsh environments, trust CRC Extreme Duty. When sensitive electronics demand precision care, CRC QD® Contact Cleaner delivers. This fast-evaporating formula removes dirt, dust, and light contaminants without leaving residue. Plastic safe and designed for environments where lower flashpoint cleaners are acceptable, QD® Contact Cleaner ensures reliable performance without damaging delicate components. NSF P1 Registered for use in food-processing environments, it's the smart choice for maintaining electrical integrity and extending equipment life.

#### Features & Benefits:

- **Effective Cleaning Power:** Penetrates hard-to-reach areas and removes dirt, dust, carbon deposits, light oils, and other contaminants.
- **Quick-Drying & Residue-Free:** Evaporates rapidly without leaving any residue—no rinsing or wiping required.
- **Non-Conductive & Non-Corrosive:** Chemically stable, inert, and safe for electrical systems when de-energized.
- **NSF P1 Registered:** Approved for use in food-processing environments.

#### Use On:

- Telephones
- PCs
- Relays
- Edge Connectors
- Tape Heads
- Busbars
- Circuits
- Contacts
- Printed Circuit Boards
- Switches
- Breakers
