

INDUSTRIAL

CRC SP-350™ Corrosion Inhibitor

Protect your investment.

When equipment sits idle, corrosion can creep in—but not with CRC SP-350™. This superior start-up lubricant and corrosion inhibitor shields metal parts and assemblies stored indoors for up to two full years, ensuring they stay in peak condition. Its advanced formula not only prevents rust but also promotes easy start-up when it's time to put your equipment back to work. Dependable, non-drying formula provides long-lasting protection for less maintenance, fewer headaches, and more confidence in your stored assets.

Features & Benefits:

- **Extended Equipment Life:** Prevents costly corrosion damage during storage or shipment.
- **Reduces Downtime:** Promotes easy start-up of machinery after long storage periods.
- **Reliable Protection:** Maintains integrity of precision machined surfaces and assemblies.
- **All-in-One Solution:** Protects, lubricates, and displaces moisture in one application.
- **NSF H2 Registered:** Suitable for use in food processing non-food contact environments.

Use On:

- Precision Machine Surfaces
- Protective Coating for Assemblies in Storage or in Shipment
- Start-Up Lubricant for Stored Machinery

PART NO.	CASE/ORDER#	PACKAGE	NET WT.	UNITS PER CASE
03262	1003476	Aerosol	10 wt. oz.	12
03266	1003478	Pail	5 gal.	1
03268	1003479	Drum	55 gal.	1
