

# CRC TRANS-X<sup>®</sup> AUTOMATIC TRANSMISSION STOP LEAK & TUNE-UP

## Repairs and prevents leaks in your engine.

This powerful formula is designed to effectively repair leaks in automatic transmissions, power steering, and hydraulic systems, ensuring your vehicle runs smoothly and efficiently. Our solution not only prevents leaks but also features powerful cleaning agents that remove sludge, gums, and varnish. This helps prevent premature failure and extends the life of your transmission, giving you peace of mind on every drive. Please note, this product is not compatible with CVT transmission fluids.

### USE ON

▲ For use in power steering and transmission fluids

- ▲ Seal and Gasket Protection: Prevents leaks caused by aged seals and gaskets, ensuring long-lasting performance
- ▲ Powerful Cleaning Agents: Removes sludge, gums, and varnish to keep your system clean and efficient
- ▲ Extended Transmission Life: Helps prevent premature failure, extending the lifespan of your transmission
- ▲ Improved Performance: Keeps your transmission and power steering systems clean, enhancing overall performance
- ▲ **Compatibility Note: NOT compatible with CVT transmission fluids**
