

# Red Grease #2

**EXTREME PRESSURE, ANTI-WEAR & ANTI-OXIDATION INHIBITOR**

**STA-LUBE RED GREASE #2** is a smooth, tacky, red lithium complex grease fortified with rust and oxidation inhibitors. It has good water resistance and won't wash out.

**RED GREASE #2** can be used in many automotive, agricultural, construction and off-road operations. It works great for lubricating moving parts in mowers, reapers, water pumps, pumps, electric motors, ball & roller bearings, kilns, assembly plants, and truck applications.

**RED GREASE #2** is fortified with a high degree of extreme pressure additives that give it a true Timken load much higher than other greases of this type. It's especially good for sliding surfaces and open gears.

## KEY BENEFITS

- Extreme pressure additives resist pound-out under severe lubrication requirements
- Excellent water resistance & washout properties
- Timken OK Load of 60 lbs. (higher than many other greases)
- Fortified with oxidation and rust inhibitors

## PACKAGING

- 14oz Cartridge (designed to be used with Heavy Duty Grease Gun (SL37019))

Grease Type	NLGI Grade	Color	Operating Temp Range	Water Resistance	Timken OK Load	Additives
Lithium Complex	2	Red	0°F to 315°F	Very Good	60 lb	Extreme Pressure, Anti-Rust, Anti-Oxidant

Part No.	Package Type	Net Contents	Units/Case	Unit Dimensions	Case Dimensions
SL3400	Cartridge	14 oz.	10	9.31" H x 2.13" W x 2.13" D	9.5" H x 4.5" W x 11.38" D

CRC Industries is a worldwide leader in the production of specialty chemicals for the DIY and maintenance professional, serving the automotive, marine, hardware, electrical, industrial, and aviation markets. CRC is ISO 9001:2008 certified and adheres to the strictest guidelines for quality in all facets of research, development, and production.
