

# HV SWITCHGEAR LUBE

A non-flammable one-step lubricant and corrosion inhibitor for metering, distribution and substation class switchgear contacts. It penetrates to coat contacts and provides corrosion protection on switchgear mechanisms.

Can be used with a hot line tool adapter.

- ▲ Non-flammable.
- ▲ PowerJet® Technology spray nozzle allows application from greater distances.
- ▲ S.D.[L.]® Current Safety Data Sheet printed on the reverse side of aerosol product label.
- ▲ Temperature Resistant. Maintains performance level year round. Will not harden, freeze, dry or wash off due to temperature fluctuations.
- ▲ Easily removed for service and reapplication using CRC Cable Clean® products.

Designed for use on metering, distribution and substation class switchgear contacts, including URD and OVH applications.

| ITEM #  | CASE ORDER # | UPC #        | Container Size | Dielectric Strength |
|---------|--------------|--------------|----------------|---------------------|
| 1750792 | 1750791      | 078254000411 | 16 oz aerosol  | 37,000 volts        |
