

TECHNICIAN GRADE

WIRE DRYER

DRIES WET IGNITION SYSTEMS FOR EASY STARTS

Seca los sistemas de encendido que estén en contacto con el agua para brindar un arranque fácil

CRC® Wire Dryer starts wet engines and instantly drives out moisture that can cause electrical failure and hard starting. Its waterproof film has a unique viscosity allowing for deep penetration in hard-to-reach systems to displace more water, faster.

Start wet engines & reduce wear...

In addition to driving out moisture and starting your engine, **WIRE DRYER** leaves a fine coating on ignition and electrical systems protecting against weather, rust and corrosion. **WIRE DRYER** reduces wear on starters, engines, distributors and batteries and ensures proper electrical current flow.

Ensure electrical current flow here...

WIRE DRYER can be used on all on and off-road equipment and vehicles. Cleans and protects:

- Distributors
- Ignition Coils
- Starters
- Electrical Contacts
- Batteries
- Spark Plugs
- Wiring Harnesses
- Leads, Cables & Wires

Restores electrical properties to water or flood damaged equipment!

Perfect for: Automotive, Marine, Heavy Duty, Farm & Household Applications!

Part No.	Package Type	Net Contents	Units/Case	Unit Dimensions	Case Dimensions
05104	Can	6 oz. aerosol	12	6.875H x 2.02W x 2.02D	6.90H x 8.90W x 6.68D

CRC Industries is a worldwide leader in the production of specialty chemicals for the DIY and maintenance professional, serving the automotive, marine, hardware, electrical, industrial, and aviation markets. CRC is ISO 9001:2008 certified and adheres to the strictest guidelines for quality in all facets of research, development, and production. CRC®, Sta-Lube® and products denoted with ® and ™ are trademarks of CRC Industries, Inc.

Proven. Global. Solutions.
